

For the 2nd time the JPMorgan Chase Corporate Challenge Run was the challenge for the 9 member Plinke team in Frankfurt / Main.

The team trained in the evening and at the weekends to be fit for the D-day together with 51,000 colleagues of 1831 companies to match the 5.6 km through Frankfurt's downtown.

All registered key members came to start, to run and to finally arrive at the target line.

The photo shows all runners before start.

Keeping in mind the atmosphere, the mutual efforts and the colleagues in the outfit, just now the planning for the next run 2005 has already started.
